All the Copilot Plus PCs announced at Microsoft’s Surface event

In addition to the Surface Pro and Surface Laptop, Microsoft announced a crop of Copilot Plus PCs from all the major OEMs. Here are all the Copilot Plus PCs announced at Microsoft’s Surface event on Monday.

Asus is starting its Copilot PC adventure with its Vivobook S 15. It will have two Qualcomm processor options — the base 12-core Snapdragon X Elite and 10-core Snapdragon X Plus — and both options will support 32GB onboard memory and 1TB of PCIe 4.0 SSD.

a:hover]:shadow-highlight-franklin dark:[&>a:hover]:shadow-highlight-franklin [&>a]:shadow-underline-black dark:[&>a]:shadow-underline-white”>HP OmniBook and EliteBook Ultra

Along with HP’s ProBook, its OmniBook and Elitebook have replaced its now-former Envy, Pavilion, and Dragonfly series in a huge renaming effort to clean up and organize HP’s laptop

portfolio. The Omibooks will be the consumer-focused devices, while the Elitebooks will be commercial, or business-focused.

HP will start shipping its new OmniBook X AI and EliteBook Ultra AI next month, and their configurations will include a 12-core Snapdragon X Elite processor. The Elitebook only goes up to 16 GB of memory, but the OmniBook can handle up to 32GB.

a:hover]:shadow-highlight-franklin dark:[&>a:hover]:shadow-highlight-franklin [&>a]:shadow-underline-black dark:[&>a]:shadow-underline-white”>Microsoft Surface Pro and Surface Laptop 6

The first Microsoft device to get its own Copilot Plus treatment is the Surface Pro. You’ll be able to get it with either the Snapdragon X Elite or X Plus processor, optional 5G connectivity, and either an IPS or OLED display.

There’s also the Surface Laptop 6, which also comes with either the Elite or Plus Snapdragon chips, and up to 64GB of memory and 1TB of SSD storage.
