This bundle of Dene Studios typefaces for Access All Areas members contains 5 individual font products. Cuneiform, Norse Elder Futhark and Egyptian Hieroglyphs form the Ancient Languages Typeface Bundle, which is a collection of fonts that have been translated as accurately as possible to replicate early writing systems. In contrast, the two additional fonts of Equinox and Perehilion are based on futuristic, sci-fi styles with inspiration from outer space. All fonts are supplied as TTF & OTF formats, with some even including bonus EPS vector assets.
