

Artists Recreated Stunning South American Landscapes Using the Plastic Threatening Them

It's now a well-known fact that, for all of its usefulness, plastic is damaging the environment in a big way—making its way into oceans, the food chain and even some of the most remote places on earth.

Don't miss **The Business of Marketing**, a new series featuring leading c-suite executives sharing insights on the importance of leveraging the intersectionality of marketing, finance, technology, HR and the boardroom to drive business growth. **Tune in.**
