Best Black Friday and Cyber Monday tech deals for students

If you’re heading off to high school or college next year (or shopping for someone who is), Black Friday and Cyber Monday are great times to start looking for the gadgets you’ll need for school. And if you’re a current student who just needs to upgrade their tech, why not take advantage of this week’s deals and sales?

Here are some of the best deals that students should consider for tablets, laptops, speakers, and more. The gadgets listed here are affordable, portable, and powerful enough to help you do your best schoolwork (or relax in your downtime). For more tech sales, check out our hubs of laptop deals, phone deals, noise-canceling headphone deals, and wireless earbuds deals.

TABLET DEALS
