Boldly: Junior Graphic Designer

Junior Graphic Designer / Full Time / Paid
Brisbane Queensland AU

https://boldly.com.au/

We’re looking for a Junior Designer who is both a thinker and a doer; someone who can develop innovative ideas that inspire on all levels and bring them to life across physical and digital realms. Is this is you, read on!

Role Details

Working directly with our Lead Designer and Creative Director, you’ll be working across an array of branding projects, physical & digital collateral and ad campaigns for clients of all shapes, sizes and sectors.

Adobe Suite is our playground, so you’ll need to have a superior knowledge of the suite along with an understanding of Microsoft Office & Apple iWorks. A little WordPress knowledge would go a long way to impress us!

In return for your second-to-none creative brain, we’ve got some pretty good perks to sweeten the deal;

Resident office dogs
Free parking on surrounding streets
Top-notch coffee on tap
Loads of cafes, shops and bars (we’re not trying to say that we sometimes knock off early to get a beer, but we definitely do)
Oh, and the opportunity to be a core member of one of the fastest-growing agencies in Brisbane

Remuneration: $40-50k dependant on experience.

Skill/Attributes Required

Attention to detail is a non-negotiable, must! If you can’t wow us with good design, don’t apply (too bold?).

Strong understanding of Adobe Creative Cloud applications.

Must have a portfolio of work to wow the pants off us.

Apply/Respond by:
