Book Spotlight!

How Do I Do That In Photoshop? 2nd Edition by Scott Kelby

Scott is back with a totally updated and revised new edition of his bestselling book. Here's how this book works: When you need to know how to do a particular thing in Photoshop, you turn to the chapter where it would be found (Layers, Printing, Masking, Special Effects, etc.), find the thing you need to do (it's easy; each page covers just one single topic), and Scott tells you exactly how to do it just like he was sitting there beside you, using the same casual style as if he were telling a friend. That way, you get back to editing your images fast! Order your print book or eBook today.

KelbyOne members: Remember, you can save 50% on ALL titles from Rocky Nook using their discount code found under Perks in your Dashboard!
