In the ever-saturated landscape that is social media, you have to put in extra effort to stand out. In a sea of shiny graphics, immersive videos, and a slew of other compelling content, posting a bland image would definitely not fly. It's imperative that you get creative to get people to pay attention to your business. Then again, if you're a solo entrepreneur, you probably don't have the bandwidth to pour on social media content creation.

This is where Stencil comes to the rescue. Designed for social media marketers, bloggers, and small businesses, it's an intuitive image editor that lets you streamline content creation so you can double your engagement faster.

With an unlimited plan, you can gain access to over 2.2 million stunning royalty-free photos, all of which you can freely customize and post across all your social channels. Regardless of your graphic design experience, you can create professional-quality images using the program.

Its user-friendly interface makes it easier to edit text, add

icons, resize images, and more. There are even pre-made templates to choose from to make the design process even quicker. Plus, the app allows you to directly share your finished product on Instagram, Facebook, Twitter, and Pinterest.’

Create standout content marketing visuals with Stencil. A 1-year subscription to the Unlimited plan usually costs $144, but for a limited time, you can get it for $49 – a savings of 65 percent.
