Ideally you'll have at least 1-2 years experience in the industry… but if you've just graduated and think you're ready to dive in the deep end then we want to hear from you too.

Role Details

We're only a small team so finding someone who slots into our team dynamic is critical. You're a self-learner with a passion for staying up-to-date and ahead of the curve, if you don't know how to do something, you'll find a way! You're an excellent problem solver, skillful with your tools and able to apply yourself to a broad range of design tasks. Ideally you'll have at least 1-2 years experience in the industry… but if you've just graduated and think you're ready to dive in the deep end then we want to hear from you too.

This role will suit someone looking to develop & learn, whilst already being confident taking projects from concept to delivery.

Skill/Attributes Required

A brief overview of what we're looking for:

– Great layout, branding and design across digital and print

– InDesign, Photoshop & Illustrator skills are essential (bonus for any Premiere or After Effects skills)

– Strong understanding of typography & attention to detail

– A broad variety of design work

– Friendly & professional demeanour

– Strong verbal & written communication

– A strong understanding of current online and print design trends

– Underlying knowledge of HTML/CSS or at very least a thirst to learn

– Excellent organisational and communication skills

– Strong ability to meet tight deadlines and multitask to manage several projects simultaneously

– Highly collaborative team player with a positive, can-do attitude

– Any extra skills you have, let us know! Every new skillset is a new capability we can take to market
