

Design x Business: Insurance, Contracts and Legal

22 August 2019

London

Don't miss this month's Design x Business covering those things that no-one really wants to talk about: insurance, contracts and the law.

Whether you're a freelancer or studio owner—you need to be insured, have solid contracts and understand your legal rights. This month, DxB will host Dan Moore of Studio Output who will give a talk on his stories and learnings from 20

years of running creative businesses.

We'll also be joined by Ashley Baxter, founder of insurance platform WithJack, who will be giving practical advice on insurance for creative businesses. The talks will wrap up with a panel discussion and Q&A.

Get down early to meet some like minded people and make a few connections before the talks begin.

Thursday 22 August, 6:30pm. 90 York Way, London, N1 9AG

Find out more about the speakers and book yourself a place here.

(Design x Business want their events to be open to everyone, so if you're unemployed or under employed reach out to hello@designbybusiness.com for discounted tickets).
