EMD Digital

Junior Web Designer / Full Time
Sandringham VIC AU

https://www.emddigital.com.au/

Have you recently completed a digital design course at TAFE or University?

Are you creatively minded and have a passion for web design?

Be part of a small growing agency who are experiencing a period of growth & expansion.

Role Details

EMD Digital is a boutique web design agency located in Sandringham (just up from the beach). Over the past 4 years, we have partnered with a range of SME’s in Australasia across a wide range of categories including: mining, retail, tourism, property & construction, marketing, design, professional services, hospitality, fashion, media and more.

In 2018 we employed our first Shillington grad in a junior designer role who has now progressed on to become our lead designer. We are now looking to expand further due to the influx of active projects we currently have in our pipeline. As we grow further and expand in the Melbourne market, we are currently looking for some young, raw talent that wants to join us on this wave of success working with a diverse range of clients.

What You’ll Get:

Hands on training from our Lead Designer
Career progression opportunities
A fun, casual work environment
Cafes close by for lunch

Your own desk in a large, spacious, creative & vibrant office

Skill/Attributes Required

Required Skills:
Adobe Photoshop / Illustrator / InDesign skills
Experience using WIX (highly desirable)
An eye for design a necessity
Ability to design logos and branding collateral for digital application

Personal Skills:
You can adapt to a small team environment
Be open to learning on the job and expanding on your experience
You have the right attitude and can follow direction & creative feedback
Ability to use your initiative and work autonomously but ask for guidance when required
You have excellent attention to detail and take pride in your designs
You are excited about web design and know what looks good and what doesn't
You'll put the client first and are happy to make any changes they request

What You'll Need:
A portfolio of work – something to show us that will prove to us that you "just get it" when it comes to design
A resume in PDF format that shows off your design skills and one that will make you stand out from the crowd
At least one website that you've designed
Willingness to complete a design test to validate your skills

If you think you have what it takes to be a part of the EMD Digital team, then we'd love to hear from you.
