Babbel focuses its curriculum on small, bite-size lessons that run about 10 minutes long. That means you can easily integrate them into a busy schedule so that you’re steadily learning and improving without missing a beat at work.

Babbel’s platform offers fourteen languages you can study and revisit for life. With personalized review sessions, you can hone in on certain areas of improvement. You can also rely on Babbel’s leaning towards conversational-focused lessons, which will help you in networking, sales, and meeting scenarios more than a primer on writing and grammar.
