Film Emulation Lightroom Presets for Premium Members

Access All Areas members have a useful collection of Lightroom Presets to download this week, courtesy of Hydrozi. These Film Emulation presets are inspired by classic film stocks such as Kodak, Fujifilm and Agfa. They are designed to give your digital images an authentic colour film look. Apply the effect with a single click, then tweak the individual settings if necessary to customise the result. 33 different film look effects are included for Lightroom Desktop, Lightroom Mobile, and Camera Raw.

Explore the finest Desktop & Mobile Lightroom Presets exclusively developed by Hydrozi’s team of pro photographers. The Hydrozi shop is filled with Lightroom Preset packs that generate a range of photo effects. Be sure to check out their

huge Mega Bundle in particular, which includes EVERYTHING in their shop at a discounted price, giving you immediate access to 15 preset packs containing 2000+ individual photo effects!
