Free Webinar | January 7: 5 Steps to Get Ahead in 2026

If you want **2026 to be a breakout year**, you don't need more motivation. You need a **proven strategy that works**.

Join **Kim Perell**, a serial entrepreneur who has built and scaled multiple companies and achieved numerous exits, including a **$235M acquisition**, on January 7th at 3:00 PM EST for a live webinar designed for founders ready to level up.

Kim is hosting **5 Steps to Get Ahead in 2026**, where she'll break down the exact planning and execution framework she uses at the start of every year to scale businesses with intention.

In this session, you'll learn:

- How growth-stage founders proactively design their year instead of reacting to it
- How to identify the few priorities that actually drive scale
- How to turn strategy into execution with accountability and focus
- How to build the right inner circle as you grow
- And Kim will share her personal Success Plan live, so you leave with a real roadmap—not just ideas
