Educational courses

Broaden your photography editing expertise with high caliber courses from renowned photographers. With this selection, you can be sure to find the right combination of landscape, portrait and drone lessons for amateurs or professionals alike.

- **Full Editing Course on landscape photography from Albert Dros**
  Professional photographer Albert Dros – whose work has graced some of the world’s biggest brands – reveals his editing secrets and teaches you how best to capture that perfect outdoor moment, whether on location or in post-production. Delve into exposure blending, focus stacking, noise reduction and much more – equipping yourself with all the tools necessary for beautiful landscapes every time.

- **Portrait Fundamentals from Darlene Hildebrandt**
  From camera basics right through to using multiple flash rigs on location, this comprehensive guide will teach the fundamentals of radiant light capturing so that each shot can be as flattering as possible with stunning results! Perfect for experienced photographers or complete beginners – hone in those vital techniques and become an expert at lighting portraits.

- **Drone Cinematography Crash Course from Stewart and Alina Carrol**
  Learn the ins and outs of drone cinematography – look no further than Stewart & Alina Carroll, a husband-wife filmmaking team since 2012. Take their intensive 100-minute crash course filmed in Scotland’s breathtaking Highlands. In this class you’ll gain insights on how to fly like a pro with any drone, adjust settings for stunning footage, use 5 steps for cinematic results every time plus tips and tricks specifically designed to help develop creative approaches – all presented during 3 live flight adventures.

Creative content

Try a professional style on your photos with collections of creative content from real pros.

- With selection of LUTs and Skies by Mathew Browne, you can enhance your photos to tell more powerful stories. Each item is optimized for Luminar, Photoshop, or Lightroom so that achieving picture-perfect shots becomes even more convenient.
