GumGum

Interactive Designer

Full Time
Sydney NSW Australia
https://gumgum.com/

We’re looking to bring on an enthusiastic and creative interactive designer. If you are versatile, like fast-paced, high-visibility projects then you’ll find out atmosphere very rewarding.

Role Details

We’re looking to bring on an enthusiastic and creative interactive designer. If you are versatile, like fast-paced, high-visibility projects then you’ll find out atmosphere very rewarding. You’ll be on the cutting of advertising and your concepts and designs could easily end up in front of millions of users across the web and mobile devices.

Some of the projects you’ve probably worked on are web animations, banner campaigns, graphic UI’s, web/mobile design and presentation materials.

Responsibilities

Execute design solutions based on initial conceptual and visual direction from clients
Create in-image media campaigns including 2d animations and rich media
Develop mock digital creatives to support the sales team
Integrate a clean aesthetic across internal and external materials, including but not limited to, our company website, sales mockups, presentations and promotional material

Skill/Attributes Required

BFA in Graphic Design, Web Design, Interactive Design or similar discipline
2+ years of interactive design and graphic design/print experience with a design studio, agency or digital media company
A clean visual aesthetic
Proficient in Adobe Creative Suite (particularly in Photoshop and Illustrator)
Knowledgeable in Office applications, including Word, Excel, Access, PowerPoint and Keynote.
A working knowledge of HTML and CSS.
Aware of current trends in UI and UX in both the browser and mobile spaces.

Apply/Respond by: 20/03/2018
