Junceda International Award

I’m very happy to announce that my Weekly Animations 2017 were awarded the Junceda International Award.

“For a strong and brilliant conceptual approach combined with his minimalist, distinctive, and stunning graphic style, executed with a fluid and elegant animation in every sense.”

This award also belongs to Jose Lorenzo and Elee Loop for their hard work and unconditional support to my vision.

Many thanks to the jury and congrats to the rest of the winners!
