Keep Your Business Protected With These 10 Privacy Tools, Now on Sale

March 26, 2021 4 min read

Disclosure: Our goal is to feature products and services that we think you'll find interesting and useful. If you purchase them, Entrepreneur may get a small share of the revenue from the sale from our commerce partners.

Somewhat surprisingly, 43 percent of cyberattacks are targeted at small businesses. Worldwide, the total cost of cyberattacks on business each year is $5.2 trillion. Most entrepreneurs don't have a few extra hundred thousand dollars lying around to purchase back data after a cyberattack, so it's better to be proactive.

We’ve rounded up 10 useful privacy tools for your business that are now on sale. Plus, save an extra 30 percent when you use code **DOWNLOADIT** at checkout (some exclusions apply).
