

Klyxx Creative: Designer

Designer / Full Time / Paid

New York New York US

<https://www.klyxx.co/>

We're a full-stack growth agency. We don't just help a company set goals and strategy, we find solutions and help them execute them from the ground up.

We have designers, developers, marketers, and data scientists who work together to actually grow clients while keeping a close eye on quality.

Role Details

Designer

What is Klyxx?

We aren't afraid of change or pivoting strategy, and that's what allows us to be successful in helping clients like Logitech and Sports Illustrated understand what's going wrong in their business— and then work together to fix it – all without the corporate stuffiness.

What You'll Do

- Design and create websites and apps that both look amazing and are optimized for conversion.
- Design ad creative for digital platforms around the web (Facebook, Instagram, Snapchat, Google, etc.).
- Assist in brand building and company presentation across all touchpoints for a client's customers.
- Interface with clients to implement design feedback and move assets through to completion with the growth team.

Preferred Qualifications:

- 1.5+ years (internships included) of web/graphic design experience.
- Have a strong print and digital design portfolio, which

demonstrates a powerful creative edge.

- Knowledge of current design style, patterns, trends, etc.
- Experience in conceiving ad creatives.
- Proven ability to effectively communicate cross functionally with other teams.
- Proven ability to be proactive.

Working knowledge of or previous experience with:

Programs:

- Sketch and/or Figma
- Adobe Suite: specifically, Photoshop, Illustrator, and InDesign

Skills / Abilities:

- Logo Design
- Website Design experience
- Layout or Editorial design experience

Klyxx Perks:

\$45k/year base salary, plus monthly revenue share bonus which is roughly \$500 for all employees (works out to about \$51k/year), and commission opportunities for all employees.

New client bonus – for every new client you bring in, we'll give you a cut of their monthly fees for the first 3 months.

Flexible workplace – we trust our employees to work remote or in-office as it suits them.

Flexible hours – just because 9-5 works doesn't mean it's good. We let you work at your own pace, as long as you get your work done.

Skill/Attributes Required

Preferred Qualifications:

- 1.5+ years (internships included) of web/graphic design experience.
- Have a strong print and digital design portfolio, which demonstrates a powerful creative edge.
- Knowledge of current design style, patterns, trends, etc.
- Experience in conceiving ad creatives.
- Proven ability to effectively communicate cross functionally

with other teams.

- Proven ability to be proactive.

Working knowledge of or previous experience with:

Programs:

- Sketch and/or Figma
