Leak: Basically every spec for Samsung’s Z Fold 6 and Z Flip 6

For example, did you know both phones will be lighter, with longer battery life, despite being slightly thinner, and both have slight changes to their screens? Or that the Flip will now let you use Samsung’s language-translating Interpreter Mode on its front cover screen as well, letting you point the text of one language at the person you’re talking to while the other faces you?

You can find every leaked spec in the galleries below, but here are the highlights we’ve gleaned by checking these specs against last year’s Z Fold 5 and Z Flip 5, assuming these details pan out:
