Microsoft’s Xbox Game Pass Friends & Family plan ends in August

The Friends & Family Preview will end on August 15, in all participating countries (Ireland, Colombia, New Zealand, Sweden, Israel, Chile, Hungary, and South Africa). We are no longer accepting new registrations and new member additions to existing plans will no longer be accepted after July 17. The Friends & Family preview was announced in August of 2022 with the intent to learn more about how to shape new Game Pass offerings. We look forward to using those learnings to help create an offer we can bring to more players worldwide in the future.
