Mountain Vintage Logo Badges for Premium Members

Access All Areas have a brilliant collection of logo templates to download this week, courtesy of LovePowerDesigns. These vintage badges have an outdoors and adventure theme and feature mountain graphics and supplementary text elements that can be edited to easily create custom logos. The collection contains full colour and black & white versions, supplied in a variety of file formats, including AI, EPS, and PSD.

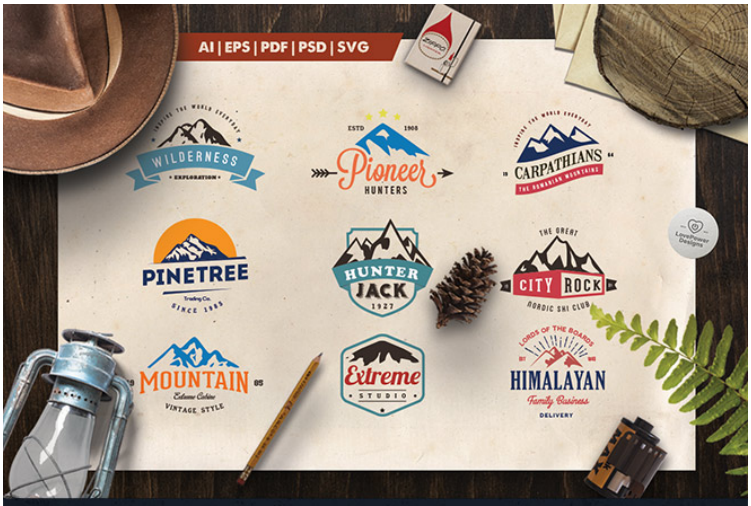

Mircea Bucsa is the passionate designer behind LovePowerDesigns. He is also a husband, a father and an outdoor enthusiast, passionate about camping and travel, so

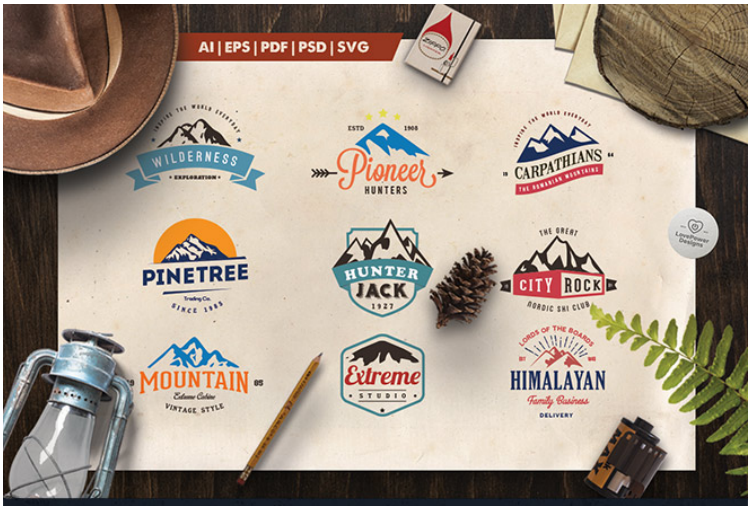

many of his designs follow this theme. In his store, you'll find a variety of useful products, including fonts and logo design templates in a range of design styles. Join the LovePowerDesigns mailing list for massive savings on LovePowerDesigns items, and head over to the Freebies section to pick up some fantastic demo products.

This set of vintage badges contains 9 vector logo templates with editable text, allowing you to customise the design for use as brand identities, stickers, t-shirt designs, patches, and many other creative uses. The files are supplied in AI, EPS, PSD, PDF and SVG formats, providing format options for various editing software. Links to freely downloadable fonts are supplied to preserve the appearance of the original designs.
