# Navigate PDFs Easier on Mac or Windows for Only $39.99

Disclosure: Our goal is to feature products and services that we think you'll find interesting and useful. If you purchase them, Entrepreneur may get a small share of the revenue from the sale from our commerce partners.

Whether you dislike dealing with PDFs as a busy entrepreneur or know someone who battles with them daily, there are now apps that can help you deal with these challenging file types. And just in time for the holiday season, you can save big while gifting them this convenience tool that doesn't even require shipping.

PWC estimates that Americans will spend an average of $1,530 on travel, entertainment, and gifts this holiday season. If you'd like to shave some money off the gifting component and give them something they'll use, you may want to take advantage of this deal on the PDF Reader Pro for Mac or PDF Reader Pro for Windows for only $39.99 (reg. $59).

Whether you work on Mac or Windows computers, the PDF Reader Pro tool will be your new best friend when navigating PDFs. While most people find these types of files difficult to interact with, they're inevitable in this day and age. This smart PDF editor offers convenient ways to create PDFs, edit within existing files, annotate, merge, convert, compress, and perform many other actions with just a couple of clicks. You can even easily sign a PDF with this tool.

PDF Reader Pro simplifies working with complex PDFs while offering advanced reading experiences with PDFs, like bookmarking and searching functions. These tools include

updates to the latest versions and 24/7 support as needed if you come across any questions or issues.

Make life a little easier for a loved one and gift one of these PDF Reader Pro versions the best price available on the web with no coupon code required.

*Prices subject to change.*
