- The event will be presented from November 9 to 12, 2020, with more than 140 hours of content, and more than 40 hours of specialized workshops with leaders.

Talent Network presents **Talent Land From Jalisco** , with the aim of taking the Talent Land concept out of the national context in an online edition of the meeting open to participants from the entire Latin American region.

“We decided to open the call for its attendees to the regions that make up Latin America and thus promote among the youth of these countries the development of skills and talent that characterize them, as well as their creativity, commitment and ingenuity, showing that they can be above any location or geographic reference ”, explain the organizers.

The event will be presented through the page talentland.talent-republic.tv from November 09 to 12, 2020, with more than 140 hours of content, and more than 40 hours of specialized workshops with leaders in entrepreneurship, innovation, creativity , science and technology and 1 Hackathon with a prize pool of 100,000 Mexican pesos.
