Nvidia CEO Jensen Huang has resigned

Nvidia chief executive Jensen Huang has resigned following revelations that he had two extramarital affairs, plunging the chipmaker at the heart of the global AI boom into crisis.

The 63-year-old will be replaced by chief financial officer Colette Kress, who will serve as interim chief executive.

His exit comes after he admitted to having a relationship with a woman that US authorities believe was a Chinese spy. It also emerged on Wednesday that Huang had an affair with a senior Nvidia executive.
