(NY) Calligraphy Workshop

Have you been wanting to learn calligraphy? In this one day workshop you will be introduced to the art of calligraphy followed by tutorials of the fundamentals, learn techniques to create a hand lettered piece, and participate in small group discussions as well as one-on-one feedback.

You'll leave the workshop with a Crayligraphy reference guide, your own hand written-to-drawn final piece, and get access to a private Facebook Group where you'll be able to post your work and receive feedback from Colin and your classmates.

Sign up for the workshop

The session takes place on 10 February 2018 from 10:00 am–4:00 pm in New York.
