According to Android Authority, though the typical battery capacity of a smartphone is bigger than it used to be, since 2018, it has largely plateaued. That means we're all left with the same problem…scrambling to find a phone charger throughout the day. As a busy entrepreneur, time is money – you need your devices to be fully charged always, and you shouldn't have to wait for hours to use them again.

If you’re tired of constantly looking for a charging cord or leaving your device connected to an outlet forever waiting for it to power back up, the 30W Slim Wall Chargers can help. These powerful, super slim wall models not only offer universal compatibility, but all charge up your device quickly. And right now, a two-pack is just $36.99 (reg. $119), right here for a limited time.

With these 30W Slim Wall Chargers, powering up devices has never been easier. They offer an integrated swivel plug for your convenience that provides 270 degrees of flexibility, and have a slim stature that doesn’t take up much space. But don’t be fooled by their tiny size – they offer the ability to quickly charge three devices at once, thanks to their three USB ports.

The slim size of these 30W Slim Wall Chargers means they’re excellent for taking on the go, as they fit easily in a purse or pocket. Their universal compatibility means you don’t have to bring extra cords wherever you go during your busy day, either. And you can have peace of mind knowing they offer an advanced safety design that protects your devices from overheating. They also come in a convenient two-pack, so you can leave one at home and one at the office.

Keep devices powered up easily with this two-pack of 30W Slim Wall Chargers, now just $36.99 (reg. $119) for a limited time.
