Role Details

Graphic Designer (Entry Level), Manchester, Flixton

We are currently looking for an Entry Level Graphic Designer to join our small marketing team.

If you are a recent graduate with some commercial experience, this may be an excellent opportunity for you.

We are looking for a person with design experience using Adobe Creative Suite including InDesign, Photoshop, Illustrator, and Lightroom.

Experience in coding websites/emails and/or in video production/editing would also be a distinct advantage.

We are a well-established and still growing recruitment business that can offer a long-term path. PROMAN in the UK is a part of PROMAN Group (1.8 Billion Euro Sales in 2018). We are currently developing a UK network, and this is creating new opportunities for talented individuals.

What do we offer?

Permanent job from day 1 with good basic salary

Working in a fast-paced and results driven environment

Pension scheme

Sick pay scheme

Social activities including nights out and trips abroad

Fund raising events

22 days holidays – rising to 25 PLUS bank holidays

Potential for career development

You will be working with the small but creative team and we would like you to contribute to the success of this department by bring new ideas to the business and acting upon them by using your design skills and technical ability.

Are you a recent graduate or maybe you already have some previous experience and you are looking for a new career?

The role will include:

- Designing leaflets, posters, email campaigns, presentations, brochures, website content, social media content, and other documents
- Working on internal projects for both digital and print media
- Delivering projects within tight timeframes
- Liaising with internal teams and managers
- Taking ownership over the brand guidelines, ensuring all content is consistent
- Developing presentations for internal and external use

Skills required:

- Qualification in Graphic Design or similar
- Proficiency using Adobe Creative Suite
- Experience in MS Office, specifically Powerpoint
- Excellent communication skills and interpersonal skills
- Able to manage time effectively and work to deadlines

Skill/Attributes Required
