Push Doctor

Junior Graphic Designer / Full Time / Paid
Manchester Greater Manchester UK

http://www.pushdoctor.co.uk

Working in a dynamically shaped modern design team as a Jr. Graphic Designer. You will have the skills required to conceptualise, create and deliver visual designs from a brief. Working alongside a team of multi-skilled Product Designers to achieve Push Doctors mission.

Role Details

The people we’re looking for:

Willing to push the boundaries | Able to think outside the box | Intelligent | Not afraid of hard work | Leaders in their field | Keen to progress| Highly collaborative

Job Overview

You may currently specialise in one or more of these areas but be keen to develop to deliver on the totality of the role and ready to contribute in your strongest areas on day one.
● In collaboration with the Head of Design, responsible for delivering own designs against Brand and Product Creative Direction, whilst maintaining Brand DNA and guidelines
● Creative compelling & imaginative solutions for both digital & print materials
● Designing for all channels including keynote, website,

catalogues, marketing campaigns, social media, leaflets, stands
● Ensure effective, branded marketing communications across a range of channels, including company website, social media and digital platforms, maintaining consistency with the brand guidelines

● Develop and maintain the brand as the company move into new markets

ADD BENEFITS
– City centre location in Manchester
– Modern office facilities
– Onsite gym
– 33 days annual leave inclusive of bank holidays
– Free food (Healthy and unhealthy snacks!)
– Cycle to work scheme
– Flexible working hours

Skill/Attributes Required

Skills and Experience
We want to build a team of rounded, modern designers, helping individuals to develop over time. You may not have experience in all these areas on day one but we will require the key building blocks of the role already, and you must have a passion for the role and be willing to work hard to develop any skills that may currently be missing.

● A diverse portfolio that includes both digital and print artworks
● The ability to see how design detail fits into a wider customer
experience and shape outputs on this basis
● Advanced proficiency with the design tools (Adobe Creative Suite)
● The ability to put users and user insight at the heart of all design
decisions
● An excellent communicator (verbally and written), capable of inspiring
colleagues and other stakeholders
● Always eager to learn and to share knowledge
● Team player who appreciates the work in a multicultural team with people of various backgrounds

- You enjoy having fun with your work
