Save 34% off the Nostalgic Font and Label Collection

My friends at Heritage Type Co. recently launched a magnificent new collection of vintage fonts and ready-made label designs. If you love the detailed design style of vintage branding with ornate embellishments, this extensive set of tools and resources may be just what you’re looking for to create nostalgic logos, packaging designs, posters, wedding invitations, and much more! The Nostalgic Font and Label Collection is currently on sale with $50 off, but Spoon Graphics readers get an additional 20% off using the code **SPOON20**, which works out to a total of 34% off the regular price.

Vintage logo templates are usually simple layouts of text elements, sometimes accompanied by an icon graphic or illustration. I haven’t seen any as intricate and detailed as the templates in the Nostalgic Font and Label Collection. Not only are these designs based on original vintage ephemera for maximum realism, the pack includes 4 expertly designed fonts that perfectly complement the style so you can preserve the original appearance of each design.

The pack contains 34 customisable vector label designs, 4 unique vintage fonts, 140 separate vector ornament elements of banners, frame and flourishes, and 10 bonus textures to apply an authentic aged look. They are all compatible with the most common design software too: Adobe Illustrator (CS4+), Adobe Photoshop (CS4+) and Affinity Designer.
