On social media, Musk noted that Isaacson accompanied him for several days to gather material for the book.

"At last … someone will penetrate the silent, mysterious and incognito facade that that particular subject projects … ", tweeted another user, to which Musk responded with a laughing emoji.

Isaacson is also the author of biographies on Benjamin Franklin and Albert Einstein.

Ashlee Vance published a book based on interviews with Musk in 2015 before Tesla became the world’s most valuable car company.
