1. Elon fails! The Better Business Bureau gave Tesla an "F," citing the company's lack of ability to resolve customer complaints, and sometimes not even responding to the issues at all.
2. According to researchers from the London School of Economics and the University of Massachusetts, beauty may have its benefits, but a higher paycheck isn't necessarily one of them. A study of 20,000 young Americans found that people, regardless of their looks, earned significantly more than others if they are conscientious, extroverted, and not so neurotic.
3. Amazon is reported to be working on its first home robot, described as a "mobile Alexa" by Bloomberg. Wow, every day *The Jetsons* is looking more and more like a documentary.
