

The 100 best Black Friday deals under \$100

Gadgets make for expensive gifts, but that's the beauty of Black Friday. As noted in our roundup of the absolute best Black Friday deals, this year's shopping event has brought steep discounts on Apple devices, TVs, and plenty of other pricey tech. However, unless you're planning on spending a couple hundred dollars on yourself or someone else, many of the more expensive items might not be in your budget.
