The best Black Friday deals on Google devices

Google’s line of products has expanded quite a bit over the years, and a bunch of them are discounted for Black Friday. You can find discounts on Nest smart speakers and smart displays, mesh Wi-Fi routers, Pixel phones, Stadia gaming setups, and smart thermostats.

Most of the sales are available at a variety of retailers; we’ve linked the most popular ones for each below.

If you’re looking for even more Black Friday deals, be sure to check out our continuously updated list of the best deals.

Google Pixel phone deals

There aren’t a lot of sales on Google’s Pixel phones this year, but if you’ve been eying a Pixel 5 or a 4A 5G, there are a couple of ways to save a few bucks.
