The best October Prime Day deals under $50

Amazon’s fall Prime Day event is underway. For more deals we recommend across all categories, check out our full roundup here.

So far, we’ve seen some pretty good deals during Amazon’s fall Prime Day event, from noise-canceling headphones to laptops. Many of these gadgets are not particularly cheap, however, so unless you have a few hundred lying around, a lot of these deals might feel out of reach.

Don’t feel too disheartened, though, because Amazon is offering plenty of budget-friendly deals if you know where to look. In fact, we’ve found a bunch of discounted gadgets, from magnetic chargers and PlayStation 5 games to inexpensive fitness trackers and fun smart speakers, many of which could make for great holiday gifts. Best of all, we guarantee none of them suck because we can vouch for each and every one of them.

To help you better sift through Amazon’s deluge of cheap tech, we’ve rounded up the gadgets that are on sale for less than $50.

Update October 11th, 3:21PM ET: *Changed prices on several deals.*
