The PlayStation 5 is $125 off straight from Sony

If you're looking to play games like *Ghost of Yōtei* or *Death Stranding 2: On the Beach*, you're going to need a PlayStation 5. Luckily, right now, you can grab the console for as low as $374 directly through the PlayStation storefront with the code **PS5KLARNA** — and it doesn't appear as though you need to use Klarna's payment service to get the discount. The code works with the PS5 Digital Edition and the PS5 Slim with 1TB of storage, bringing the prices down to $374 and $424.99, respectively.

The promotion runs through Halloween or until supplies last, and it's limited to one per account. The offer excludes the PS5 Pro, the PS5 *FC26* bundle, PS5 *Ghost of Yōtei* limited edition bundles, PS5 refurbished consoles, and any preorder PS5 consoles, according to the terms.

Sony previously hiked the price of all PS5 "slim" models by $50 in the US, with prices now starting at $499 for the PS5 Digital Edition and $549 for the standard PS5 with a disc drive. This discount combats that hike and also saves you a little extra, which you can put toward a limited edition DualSense controller or one of the console's many exclusive games.

Update, October 22nd: *Updated to include details about the offer's terms.*
