With this buy-one-get-one deal, you'll add a small fleet of drones to your camera tech. These can join the almost 900,000 drones registered with the FAA as of 2022. Both drones offer dual cameras, with 4K wide-angle front and 720p bottom cameras. Capture real-time photo and video footage with a compatible Wi-Fi app.

Control better than ever with a four-channel mode that permits ascending, descending, forward, backward, left, right, and rolling 360 flight patterns. Use the altitude hold mode to get stable footage while hovering. The six-axis gyroscopes allow for smoother flight and better control.

Opt for the Alpha Z PRO 4K, which boasts up to nine minutes of flight powered by its 3.7V, 500mAh battery for short flights to snap quick pics or footage. For longer flights of up to 12 minutes, the Flying Fox packs a bigger 2000mAh battery. The Flying Fox can also be controlled by hand gestures for the

most intuitive function.

If you run into trouble, both drones can find their way back to you with a single button. Set the Flying Fox to follow so that it tracks the path of the controller as you move.

Typically valued at $398.00, you can start soaring to new heights for just $129.99 with the Alpha Z PRO 4K + Flying Fox bundle, no coupon needed. This savings of 67% makes investing in a fun toy that can double as a popular business tool much more affordable.

Prices subject to change.
