tHiS aPp lEtS yOu tYpE liKe tHiS

[The following Slack log has been lightly edited for content]

Chaim Gartenberg: god i have no idea where to put this but

[Ed. note: lets iOS users easily type in nearly any text field using the alternating case format, made popular by the "Mocking SpongeBob" meme that made its way around the internet a few months ago.]

Micah Singleton: Promoting this app should be a crime

Russell Brandom: pRoMoTiNg tHiS aPp sHoUlD bE a cRiMe

Chaim: pRoMoTiNg tHiS ApP ShOuLd bE A CrImE

Micah: I fucking knew it

Micah: ughhh this is awful but probably a good hit

Chaim: it installs as an actual iPhone keyboard too!

Chaim: #5 in Social Networking

Chaim: popular app

Micah: This app will let you type like SpongeBob and kill your group chat at the same time

Russell: a new innovative way to make your friends hate you

Sean Hollister: can we please turn this conversation into the post

Sean: I am not kidding

Chaim: would save me some time

Russell: cAn wE pLeAsE tUrN tHiS cOnVeRsAtIoN iNtO tHe pOsT

Chaim: we’re too meta here already

---

from the App Store for $0.99, although other free alternatives like this web app and the tried-and-true “just don’t be lazy and type it out yourself” method also exist, via *The AV Club*.
