Thursday, March 13 Evening Cable News Ratings: Abby Phillip's Star Continues to Shine Brightly in the Demo

CNN may have found its hit roundtable show as NewsNight with **Abby Phillip** continues to shine for the network. The 10 p.m. newscast repeated as CNN's most-watched show in the Adults 25-54 demo and finished second place in total viewers. The success of the format has seen CNN experimenting Saturday morning shows also hosted by Phillip in a spot previously occupied by **Chris Wallace**. Meanwhile, **Jesse Watters** Primetime was first in the demo for Fox News, and The **Rachel Maddow** Show won that audience for MSNBC.
