

Unlock the Power of Data with Microsoft Project Professional 2021 for \$20

Disclosure: Our goal is to feature products and services that we think you'll find interesting and useful. If you purchase them, Entrepreneur may get a small share of the revenue from the sale from our commerce partners.

In today's fast-paced business world, making informed decisions is the key to success, especially when managing complex projects with multiple moving parts. Whether you're overseeing a small team or juggling large-scale initiatives, having the right tools to track progress, allocate resources, and anticipate challenges can be the difference between success and missed deadlines.

Microsoft Project Professional 2021 is not just a project management tool; it's a comprehensive platform designed to help entrepreneurs and project managers plan, manage, and execute projects efficiently. And now, for a limited time, you can grab a lifetime license for just \$19.97 (regularly \$249), an incredible deal available through September 29.

Data-driven decision-making

One of the biggest challenges for project managers is effectively using data to guide decisions. With Microsoft Project Professional 2021, you can track tasks and gain valuable insights that help you stay ahead.

Wondering how changes in resource allocation or task timelines will impact your project? With what-if scenarios, you can

experiment with different strategies and immediately see the effects, enabling you to choose the best path forward.

Many of us learned the hard way that overcommitting your team can lead to delays and burnout. Microsoft Project Professional 2021 automatically adjusts assignments to ensure that resources are allocated efficiently, helping you avoid bottlenecks and keep your project on track.

You can also stay on top of your project's health with real-time progress tracking. You'll have a clear picture of what's been completed, what's pending, and where attention is needed, all in one place.

Features galore

Project Pro is packed with features designed to help you execute your projects more smoothly and efficiently. With pre-built templates designed for common project types saving you time, seamless synching with Project Online and Project Server, and more, it's no wonder it has 4.4/5 stars on Capterra.

Don't miss Microsoft Project Professional 2021 while it's on sale for just \$19.97 (regularly \$249) through September 29.
