Video: Learn more about John Mueller, webmaster trends analyst at Google

I sat down with John Mueller, a webmaster trends analyst at Google, to ask him questions that he often does not get on a daily basis. If you don't know John and what the Webmaster Trends Analyst team does as Google, they basically spend a portion of their day helping webmasters and SEOs. In short, John spends a lot of time answering SEO and search-related questions.

So instead of asking John SEO or search questions, I asked him about himself. At the end, we played a little game. I hope you enjoy this interview.
