

Virtual Event Today: Zero Trust & Identity Strategies Summit

SecurityWeek's Zero Trust & Identity Strategies Summit 2025 takes place today as a fully immersive virtual event. Sessions will run from **11AM – 2:00PM ET**, with the virtual expo hall and networking lounge open until 4PM ET.

Zero Trust is more than a marketing buzzword. As defenders look to holistic approaches to securing corporate assets, the concept of ZTNA (Zero Trust Network Access) takes on added importance to help simplify and strengthen access controls for all users, devices and data.

Join us as we dive into the world of digital identity management and the role of zero-trust principles and associated technologies.

Agenda:

- **11:00 AM ET** – Zero Friction Defense: Where Identity Meets Security
- **11:30 AM** – Beyond the Basics: Why Today's Enterprises Need Full IGA
- **12:10 PM** – Networking Break – Visit Virtual Expo Hall!
- **12:30 PM** – Solving Secrets Sprawl Takes More Than Security: Why Machine Identity Is Everyone's Problem
- **1:00 PM** – Seamless Secure Authentication with Okta Fastpass
- **1:40 PM** – Ping Identity Workforce Solutions
- **2:00 PM** – 4PM ET – Networking and Virtual Expo Open
