The Christmas season is approaching and **WhatsApp** knows it, for this reason it has included the new **Christmas-** themed **emojis** , which will allow you to communicate with your loved ones in a very fun and original way.

These new creations will give you the possibility of sending messages to your loved ones full of good vibes for this time, they resemble hugs from a distance.

According to WABetaInfo, 115 **emojis will be released** , related to **Christmas** characters and winter.

How can you get these emojis?

The new **WhatsApp** update has these fun icons, you will have the possibility to access **more than 110 new emojis**, these include animals such as a polar bear, a seal and a cat, characters dressed in a Christmas way, food, veiled women, men in suits , among many others.

We can see that these are added with other **existing emojis** , such as Santa Claus and the **Christmas** tree.

It is expected that in the coming dates they will be available to everyone, both for iOS and Android. When the **update** 2.20.206.11 is downloaded, they will appear automatically.
