You’re Invited to our Creativity at Work! Open House

Join Cleveland’s coolest creatives for a night of fun, frivolity, and fundraising. Get an inside look at the Go Media office, rub elbows with the creative class, shop for amazing artwork, drink, eat, listen to music and help support the Center for Arts Inspired Learning, an organization that truly changes lives through the arts.

The Center for Arts-Inspired Learning’s teaching artists turn geometry into a dance class or social studies into an action news studio and push kids to get inspired about learning and proud of what they can achieve. Last year alone, over 200,000 pre-K through high school students were impacted by their work in over 7,000 programs.
